

# TAGGING DATA ANALYSIS AND SETTING PRIORITIES

Visual depiction of the continuous improvement plan

Complements EVMA findings

Deeper understanding of the iSC

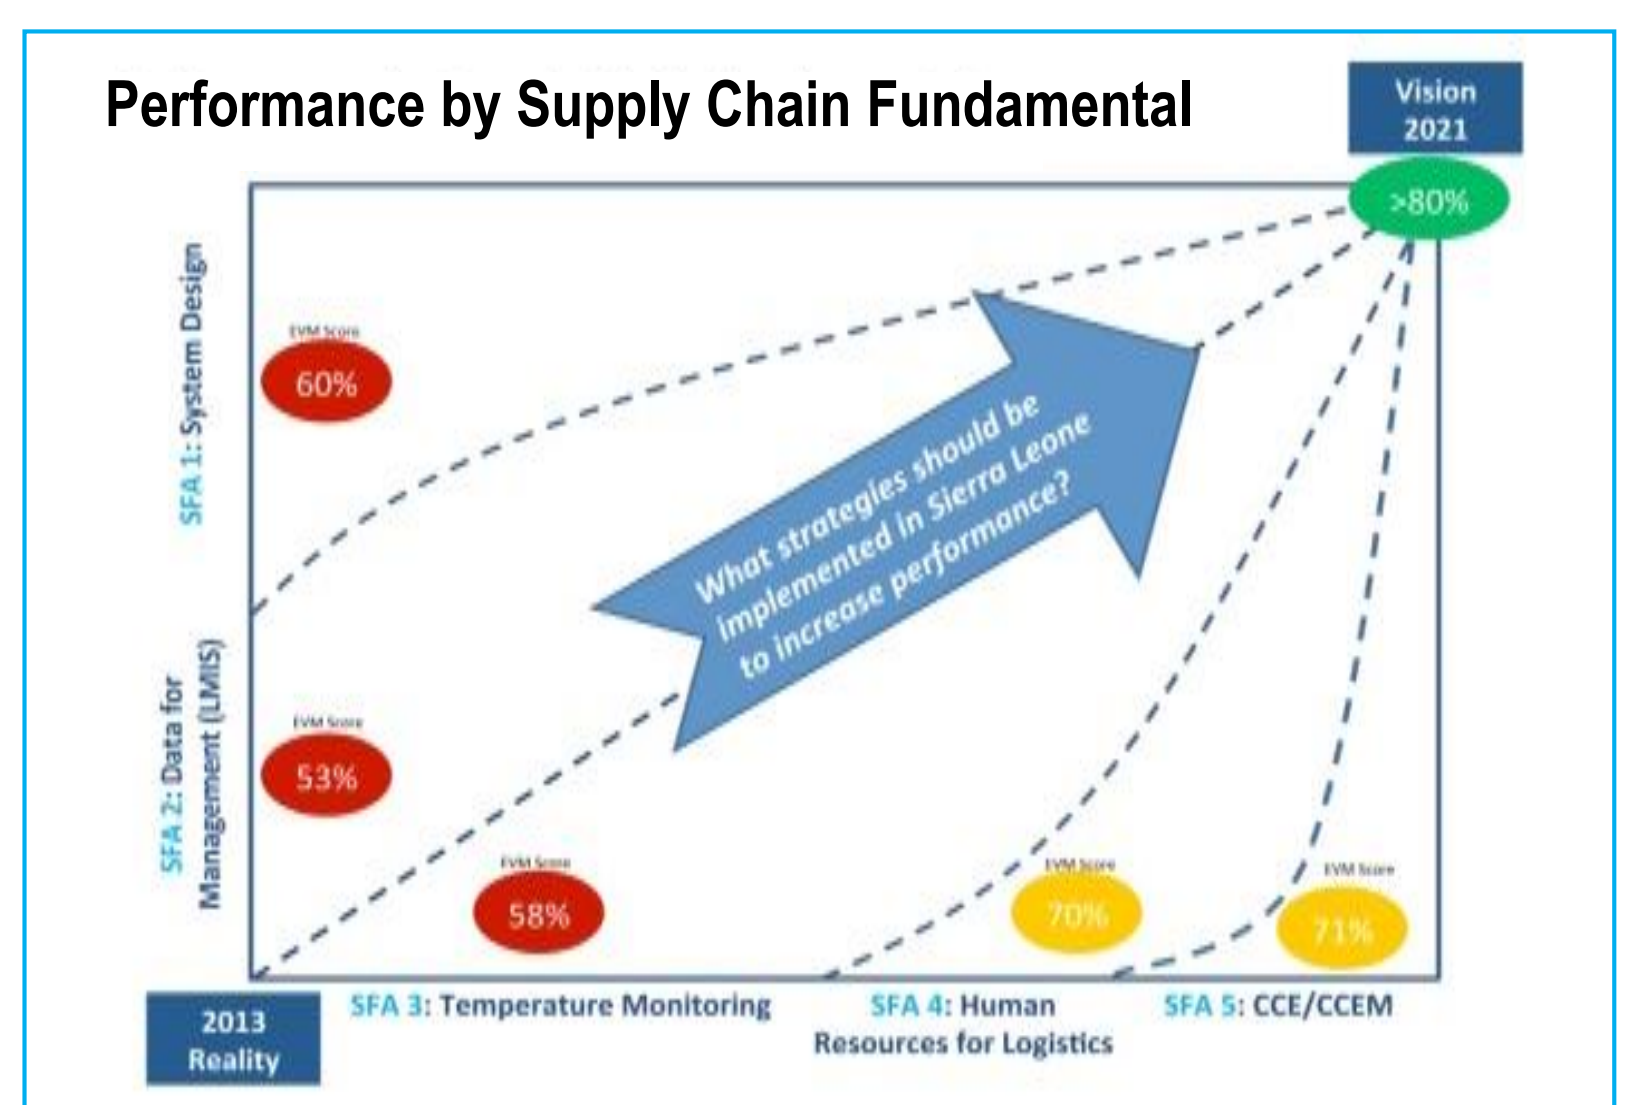

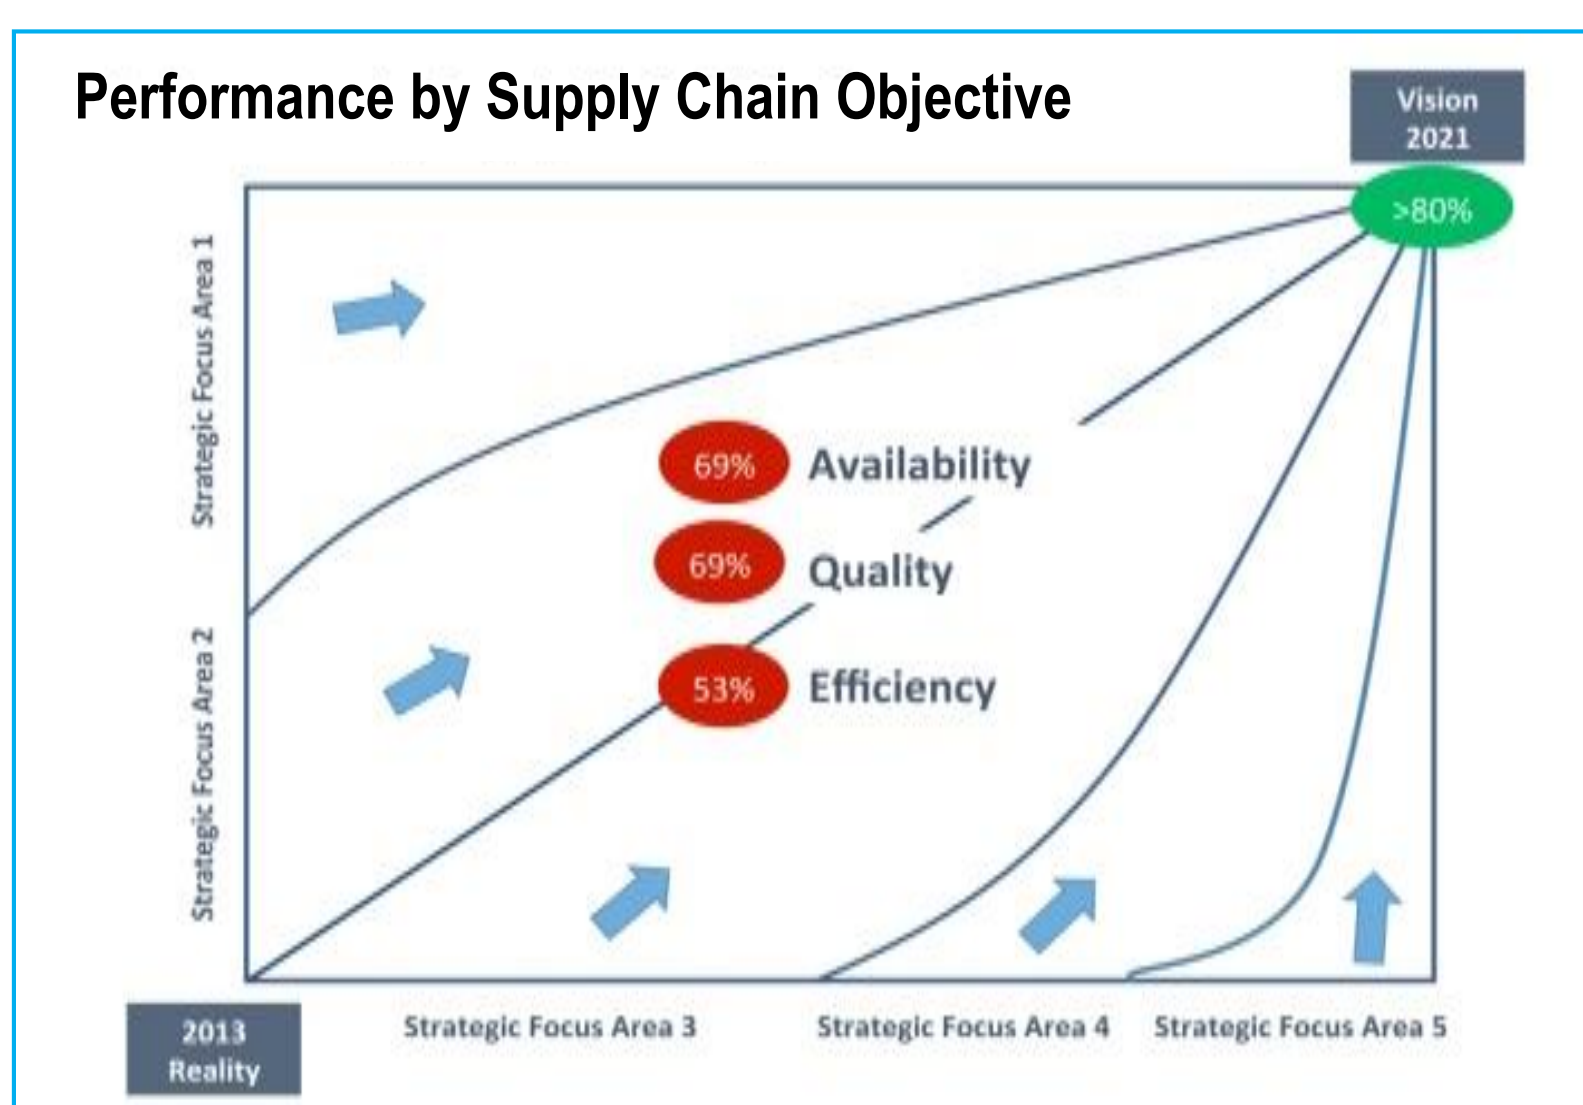

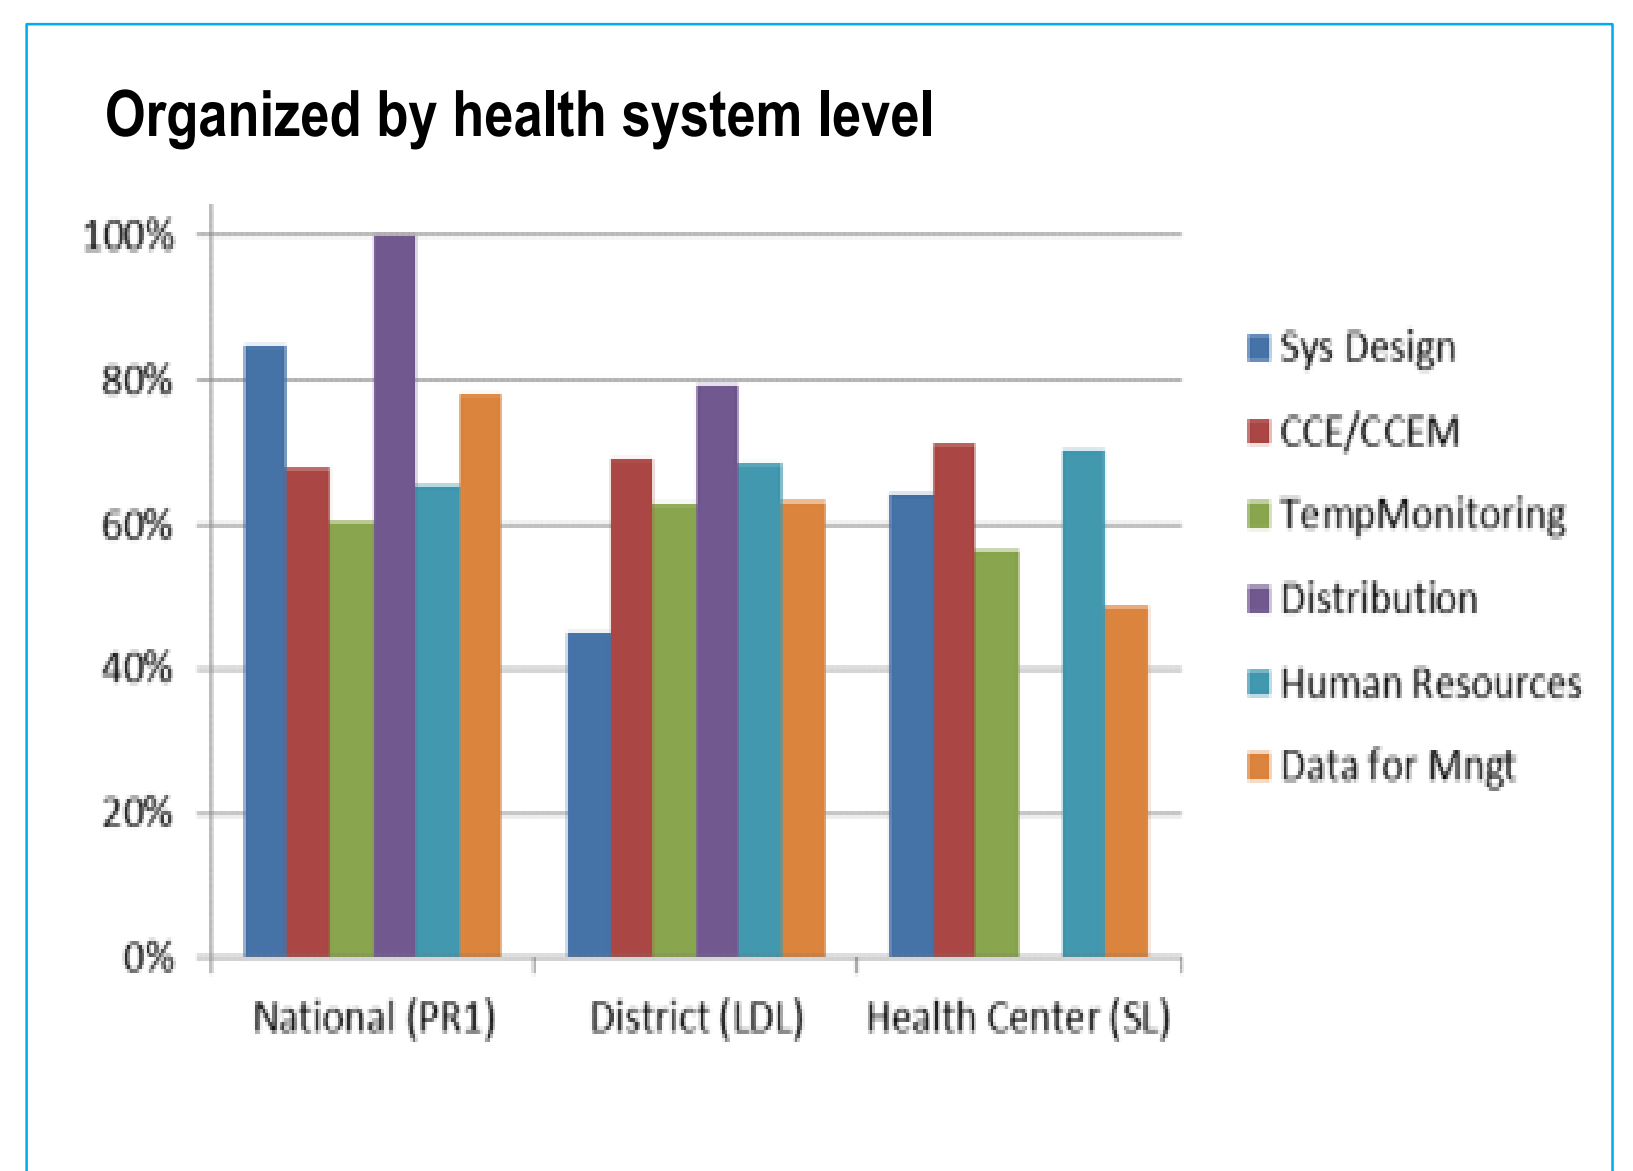

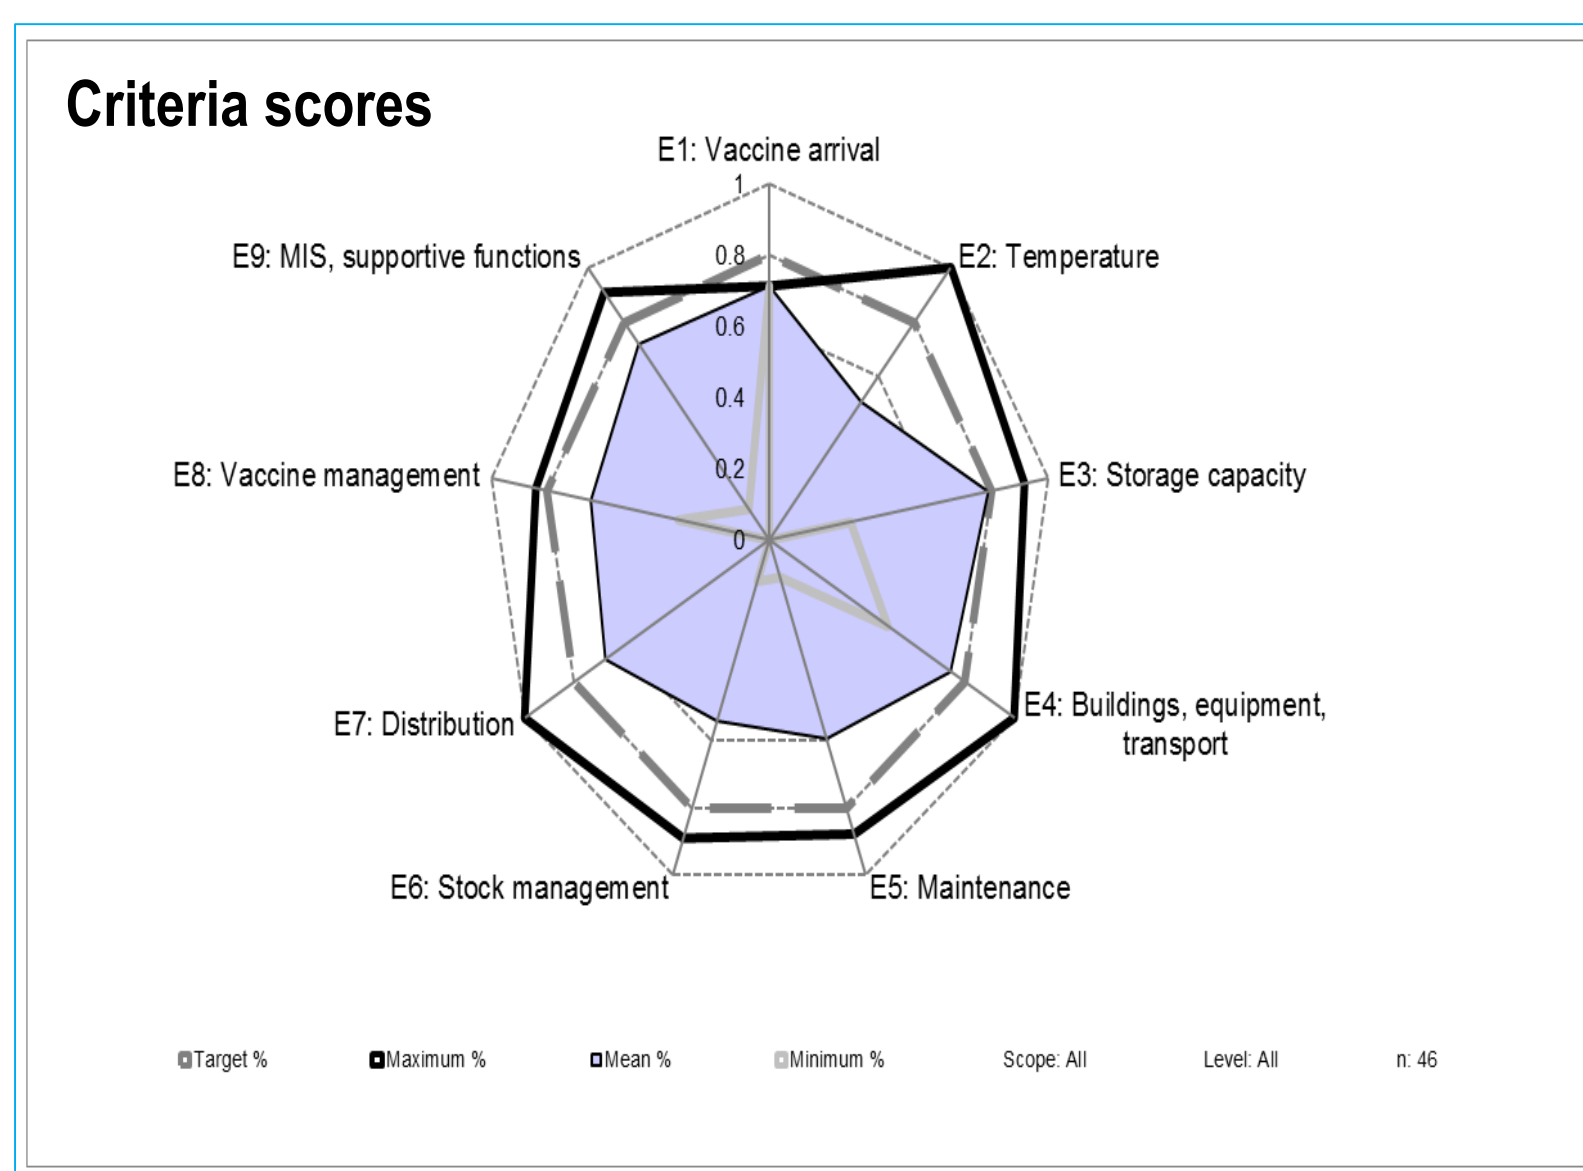

iSC challenges always grounded in evidence

A new way to present 135 sub-indicators and the 9 criteria

Performance gaps

(based on 6 SC essentials and the 3 SC objectives)

## Four types of tagging:

## Tagging supports

**PLANNING** improvements

&

**COMMUNICATING** challenges

Call to action

Joint Statement

NLWG concept note
